[Approved by Governor June 30, 2011. Filed with  
Secretary of State June 30, 2011.]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 114, Committee on Budget. Education finance.

(1) Existing law requires a county superintendent of schools to certify in writing whether or not the county office of education is able to meet its financial obligations for the current and 2 subsequent fiscal years. Existing law requires a county superintendent of schools to approve, conditionally approve, or disapprove the adopted budget for the school districts under his or her jurisdiction and to determine whether the adopted budget is consistent with a financial plan that will enable the district to satisfy its multiyear financial commitments.

This bill would require the budgets of a county office of education and a school district for the 2011–12 fiscal year to project the same level of revenue per unit of average daily attendance as it received in the 2010–11 fiscal year, and would delete the certification requirement regarding the 2 fiscal years subsequent to the 2011–12 fiscal year. The bill would prohibit the Superintendent of Public Instruction from requiring a county office of education to do otherwise.

(2) Existing law requires a revenue limit to be calculated for each county superintendent of schools, adjusted for various factors, and reduced, as specified. Existing law reduces the revenue limit for each county superintendent of schools for the 2011–12 fiscal year by a deficit factor of 19.892%.

This bill instead would set the deficit factor for each county superintendent of schools for the 2011–12 fiscal year at 20.041%.

(3) The Child Care and Development Services Act, administered by the State Department of Education, provides that children who are 10 years of age or younger, children with exceptional needs, children 12 years of age or younger who are recipients of child protective services or at risk of abuse, neglect, or exploitation, children 12 years of age or younger who are provided services during nontraditional hours, children 12 years of age or younger who are homeless, and children who are 11 and 12 years of age, as funding permits, as specified, are eligible, with certain requirements, for child care and development services.

This bill would instead provide that children from infancy to 13 years of age and their parents are eligible, with certain requirements, for child care and development services.

(4) Existing law requires that a child who is 11 or 12 years of age and who is otherwise eligible for subsidized child care and development services, except for his or her age, be given first priority for enrollment, and in cases of programs operating at full capacity, first priority on the waiting list for a before or after school program, as specified. Existing law also requires contractors to provide each family of an otherwise eligible 11 or 12 year old child with information about the availability of before and after school programs located in the family's community.

This bill would instead provide that the preferred placement for children who are 11 or 12 years of age and who are otherwise eligible for subsidized child care and development services is in a before or after school program. The bill would specify criteria for the provision of subsidized child care services for children who are 11 and 12 years of age.

(5) Existing law, effective July 1, 2011, requires the State Department of Education to reduce the maximum reimbursable amounts of the contracts for the Preschool Education Program, the General Child Care Program, the Migrant Day Care Program, the Alternative Payment Program, the CalWORKs Stage 3 Program, and the Allowance for Handicapped Program by 15%, as specified.

This bill would instead provide that the reduction in the maximum reimbursable amounts of the contracts for the programs listed above would be 11% or whatever proportion is necessary to ensure that expenditures for these programs do not exceed the amounts appropriated for them, including any reductions made subsequent to the adoption of the annual Budget Act.

(6) Existing law requires that the cost of state-funded child care services be governed by regional market rates, and establishes a family fee schedule reflecting specified income eligibility limits. Existing law revises the family fee schedule that was in effect for the 2007–08, 2008–09, 2009–10, and 2010–11 fiscal years to reflect an increase of 10% to existing fees, and requires the State Department of Education to submit an adjusted fee schedule to the Department of Finance for approval in order to be implemented by July 1, 2011.

This bill would delete the provision requiring the fee schedule to reflect a 10% increase in family fees.

(7) Under existing law (Proposition 98), the California Constitution requires the state to comply with a minimum funding obligation each fiscal year with respect to the support of school districts and community college districts. Existing statutory law specifies that state funding for the Child Care and Development Services Act is included within the calculation of state apportionments that apply toward this constitutional funding obligation.

This bill would, commencing July 1, 2011, specify that funds appropriated for the Child Care and Development Services Act do not apply toward the constitutional minimum funding obligation for school districts and community college districts, with the exception of state funding for the part-day California state preschool programs and the After School Education and Safety Program.

The bill would make related changes in the calculation of the minimum funding obligation required by Proposition 98.

(8) Existing law prescribes the percentage of General Fund revenues appropriated for school districts and community college districts for purposes of the provisions of the California Constitution requiring minimum funding for the public schools.

This bill would state that specified sales and use tax revenues transferred pursuant to certain provisions of the Revenue and Taxation Code are not General Fund revenues for these purposes. The bill would provide that its provisions would be operative for the 2011–12 fiscal year and subsequent years only if one or more ballot measures approved before November 17, 2012, authorize those revenues to be so treated, and provide funding for school districts and community college districts in an amount equal to that which would have been provided if the tax revenues were General Fund revenues.

The bill would require, if the aforementioned provisions of law are rendered inoperative because the ballot measure or measures are not approved, that by December 17, 2012, the Director of Finance, in consultation with the Superintendent of Public Instruction, determine the amount by which the minimum amount of moneys required to be applied by the state for the support of school districts and community college districts was reduced pursuant to the operation of the aforementioned provisions of law for the 2011–12 fiscal year. Following the determination of this amount, the bill would appropriate an amount equal to 17.8% of that amount from the General Fund to the Superintendent for each of the 2012–13 to 2016–17, inclusive, fiscal years in accordance with a specified priority order, and would appropriate 2.2% of that amount from the General Fund to the Chancellor of the California Community Colleges for each of the 2012–13 to 2016–17, inclusive, fiscal years, in accordance with a specified priority order.

(9) Existing law requires the county superintendent of schools to determine a revenue limit for each school district in the county, and requires the amount of the revenue limit to be adjusted for various factors. Existing

law reduces the revenue limit for each school district for the 2011–12 fiscal year by a deficit factor of 19.608%.

This bill instead would set the deficit factor for each school district for the 2011–12 fiscal year at 19.754%.

(10) Under existing law, county offices of education receive certain property tax revenues. Existing law requires a revenue limit to be calculated for each county superintendent of schools, and requires the amount of the revenue limit to be adjusted for various factors, including the amount of property tax revenues a county office of education receives.

This bill would require the Superintendent of Public Instruction for the 2011–12 fiscal year to determine the amount of excess property taxes available to county offices of education, and would require the auditor-controller of each county to distribute those amounts to the Supplemental Revenue Augmentation Fund within the county exclusively to reimburse the state for the costs of providing trial court services and costs until those moneys are exhausted. By imposing additional duties on local agency officials, this bill would impose a state-mandated local program.

(11) Existing law requires the Superintendent of Public Instruction to allocate, for the 2010–11 and 2011–12 fiscal years, a supplemental categorical block grant to a charter school that begins operation in the 2008–09, 2009–10, 2010–11, or 2011–12 fiscal year. Existing law requires that this supplemental categorical block grant equal \$127 per unit of charter school average daily attendance as determined at the 2010–11 2nd principal apportionment for schools commencing operations in the 2008–09, 2009–10, or 2010–11 fiscal year and at the 2011–12 2nd principal apportionment for schools commencing operations in the 2011–12 fiscal year. Existing law prohibits a locally funded charter school that converted from a preexisting school between the 2008–09 and 2011–12 fiscal years, inclusive, from receiving these funds.

This bill instead would provide that, to the extent funds are provided, for the 2010–11 to the 2014–15 fiscal years, inclusive, a supplemental categorical block grant would be allocated to charter schools commencing operations during or after the 2008–09 fiscal year. The bill would provide that a locally or direct funded charter school, not just a locally funded charter school, that converted from a preexisting school between the 2008–09 and 2014–15 fiscal years, inclusive, would be prohibited from receiving these funds.

The bill would provide that for, the 2010–11 to the 2014–15 fiscal years, inclusive, the supplemental categorical block grant received by eligible charter schools would equal \$127 per unit of charter school average daily attendance for charter schools commencing operations during or after the 2008–09 fiscal year, as specified.

(12) Existing law authorizes the governing board of a school district to terminate the services of any certificated employees of the district during the time period between 5 days after the enactment of the Budget Act and August 15 of the fiscal year to which that Budget Act applies if the governing board of a school district determines that its total revenue limit per unit of

average daily attendance for the fiscal year of that Budget Act has not increased by at least 2% and if in the opinion of the governing board it is therefore necessary to decrease the number of permanent employees in the district.

This bill would make this provision inoperative from July 1, 2011, to July 1, 2012, inclusive.

(13) Existing law sets forth the minimum number of instructional days and minutes school districts, county offices of education, and charter schools are required to offer.

This bill, for the 2011–12 school year, would reduce the minimum number of required instructional days and minutes by up to 7 days, and would reduce the revenue limit for each school district, county office of education, and charter school, as specified. The bill would require implementation of this reduction by a school district, county office of education, and charter school that is subject to collective bargaining to be achieved through the bargaining process, provided that the agreement has been completed and reductions implemented no later than June 30, 2012. These provisions would be operative only for the 2011–12 school year and only if the Director of Finance determines that the state revenue forecast does not meet a specified amount.

(14) Existing law requires school districts, county offices of education, and special education local plan areas to comply with state laws that conform to the federal Individuals with Disabilities Education Act (IDEA), in order that the state may qualify for federal funds available for the education of individuals with exceptional needs. Existing law requires school districts, county offices of education, and special education local plan areas to identify, locate, and assess individuals with exceptional needs and to provide those pupils with a free appropriate public education in the least restrictive environment, and with special education and related services as reflected in an individualized education program (IEP). Existing law requires the Superintendent of Public Instruction to administer the special education provisions of the Education Code and to be responsible for assuring provision of, and supervising, education and related services to individuals with exceptional needs as required pursuant to the federal IDEA.

Existing law authorizes referral, through a prescribed process, of a pupil who is suspected of needing mental health services to a community mental health service. Existing law requires the State Department of Mental Health or a designated community mental health service to be responsible for the provision of mental health services, as defined, if required in a pupil's IEP.

This bill would make these provisions concerning referral for mental health services inoperative as of July 1, 2011, would repeal them as of January 1, 2012, and would make other related conforming changes.

(15) Existing law, for the 2008–09 to the 2014–15 fiscal years, inclusive, provides that the governing board of a school district is not required to provide pupils with instructional materials by a specified period of time following adoption of those materials by the State Board of Education.

This bill would make a technical, nonsubstantive change in this provision by changing its section number.

(16) Existing law, the Ortiz-Pacheco-Poochigian-Vasconcellos Cal Grant Program (Cal Grant Program), establishes the Cal Grant A and B Entitlement Awards, the California Community College Transfer Entitlement Awards, the Competitive Cal Grant A and B Awards, the Cal Grant C Awards, and the Cal Grant T Awards under the administration of the Student Aid Commission, and establishes eligibility requirements for awards under these programs for participating students attending qualifying institutions.

Existing law imposes requirements on qualifying institutions, requiring the commission to certify by October 1 of each year the institution's latest 3-year cohort default rate as most recently reported by the United States Department of Education. Existing law provides that an otherwise qualifying institution that did not meet a specified 3-year cohort default rate would be ineligible for new Cal Grant awards at the institution. Under the Cal Grant Program, for the 2012–13 academic year and every academic year thereafter, an otherwise qualifying institution with a 3-year cohort default rate that is equal to or greater than 30% is ineligible for initial or renewal Cal Grant awards at the institution, except as specified.

This bill instead would specify that an otherwise qualifying institution with a 3-year cohort default rate that is equal to or greater than 30% is ineligible for initial and renewal Cal Grant awards at the institution, except as specified.

(17) Existing law establishes the California State University under the administration of the Trustees of the California State University. Existing law authorizes the trustees to draw from funds appropriated to the university, for use as a revolving fund, amounts necessary to make payments of obligations of the university directly to vendors. Existing law requires the trustees to contract with one or more public accounting firms to conduct systemwide and individual campus annual financial statement and compliance audits. Existing law further requires that at least 10 individual campus audits be conducted annually on a rotating basis, and that each campus be audited at least once every 2 years.

This bill would require the annual audits to be conducted in accordance with generally accepted accounting principles. The bill would delete the requirements that at least 10 individual campus audits be conducted annually on a rotating basis, and that each campus be audited at least once every 2 years. The bill would require that the statements of net assets, revenues, expenses, changes in net assets, and cashflows be included as an addendum to the annual systemwide audit.

(18) Existing law requires the governing board of each community college district to charge each student a fee, and sets that fee at \$36 per unit per semester.

This bill would raise the fee to \$46 per unit per semester if the Director of Finance determines that the state revenue forecast does not meet a specified amount.

(19) Under the California Constitution, whenever the Legislature or a state agency mandates a new program or higher level of service on any local government, the state is required to provide a subvention of funds to reimburse the local government, with specified exceptions. Existing law provides that no local agency or school district is required to implement or give effect to any statute or executive order, or portion thereof, that imposes a mandate during any fiscal year and for the period immediately following that fiscal year for which the Budget Act has not been enacted for the subsequent fiscal year if specified conditions are met, including that the statute or executive order, or portion thereof, has been specifically identified by the Legislature in the Budget Act for the fiscal year as being one for which reimbursement is not provided for that fiscal year. Existing law provides that only certain specified mandates are subject to that provision.

This bill would specify that 2 additional mandates relating to community college districts are included among those that are subject to the provision.

(20) The Administrative Procedure Act, among other things, sets forth procedures for the development, adoption, and promulgation of regulations by administrative agencies charged with the implementation of statutes.

This bill would authorize the State Department of Social Services and the State Department of Education, notwithstanding the procedures required by the Administrative Procedure Act, to implement the provisions of the bill that relate to the Child Care and Development Services Act through all-county letters, management bulletins, or other similar instructions.

(21) This bill would provide that the implementation of the provisions of the bill related to the provision of child care services would not be subject to the appeal and resolution procedures for agencies that contract with the State Department of Education for these purposes.

(22) This bill would express the intent of the Legislature that specified funding in the Budget Act of 2011 related to educationally related mental health services would be exclusively available only for the 2011–12 and 2012–13 fiscal years.

(23) This bill would express the intent of the Legislature that the State Department of Education and appropriate departments within the California Health and Human Services Agency modify or repeal regulations pertaining to the elimination of statutes pursuant to this bill related to mental health services provided by county mental health agencies. The bill would require the State Department of Education and appropriate departments within the California Health and Human Services Agency to review regulations to ensure appropriate implementation of educationally related mental health services required by the federal Individuals with Disabilities Education Act and of certain statutes enacted pursuant to this bill. The bill would authorize the State Department of Education and appropriate departments within the California Health and Human Services Agency to utilize the statutory process for adopting emergency regulations in implementing certain statutes enacted pursuant to this bill.

(24) This bill would make conforming changes, correct some cross-references, and make other technical, nonsubstantive changes.

(25) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

(26) Existing law requires the State Department of Education to award grants to school districts, county superintendents of schools, or entities approved by the department for nonrecurring expenses incurred in initiating or expanding a school breakfast program or a summer food service program.

This bill would make an appropriation of \$1,000 for purposes of these grants.

(27) The funds appropriated by this bill would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

(28) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

Appropriation: yes.

*The people of the State of California do enact as follows:*

SECTION 1. Section 1240 of the Education Code is amended to read:

1240. The county superintendent of schools shall do all of the following:

(a) Superintend the schools of his or her county.

As a condition for receipt of funds, the county superintendent, or his or her designee, shall use a standardized

template to report the circumstances listed in subparagraph (J) and teacher misassignments and teacher vacancies, unless the current annual report being used by the county superintendent, or his or her designee, already includes those details for each school.

(B) Commencing with the 2007–08 fiscal year, to the extent that funds are appropriated for purposes of this paragraph, the county superintendent, or his or her designee, annually shall submit a report, at a regularly scheduled November board meeting, to the governing board of each school district under his or her jurisdiction, the county board of education of his or her county, and the board of supervisors of his or her county describing the state of the schools in the county or of his or her office that are ranked in deciles 1 to 3, inclusive, of the 2006 base API, pursuant to Section 52056. As a condition for the receipt of funds, the annual report shall include the determinations for each school made by the county superintendent, or his or her designee, regarding the status of all of the circumstances listed in subparagraph (J) and teacher misassignments and teacher vacancies, and the county superintendent, or his or her designee, shall use a standardized template to report the circumstances listed in subparagraph (J) and teacher misassignments and teacher vacancies, unless the current annual report being used by the county superintendent, or his or her designee, already includes those details with the same level of specificity that is otherwise required by this subdivision. For purposes of this section, schools ranked in deciles 1 to 3, inclusive, on the 2006 base API shall include schools determined by the department to meet either of the following:

(i) The school meets all of the following criteria:

(I) Does not have a valid base API score for 2006.

(II) Is operating in fiscal year 2007–08 and was operating in fiscal year 2006–07 during the Standardized Testing and Reporting (STAR) Program testing period.

(III) Has a valid base API score for 2005 that was ranked in deciles 1 to 3, inclusive, in that year.

(ii) The school has an estimated base API score for 2006 that would be in deciles 1 to 3, inclusive.

(C) The department shall estimate an API score for any school meeting the criteria of subclauses (I) and (II) of clause (i) of subparagraph (B) and not meeting the criteria of subclause (III) of clause (i) of subparagraph (B), using available test scores and weighting or corrective factors it deems appropriate. The department shall post the API scores on its Internet Web site on or before May 1.

(D) For purposes of this section, references to schools ranked in deciles 1 to 3, inclusive, on the 2006 base API shall exclude schools operated by county offices of education pursuant to Section 56140, as determined by the department.

(E) In addition to the requirements above, the county superintendent, or his or her designee, annually shall verify both of the following:

(i) That pupils who have not passed the high school exit examination by the end of grade 12 are informed that they are entitled to receive intensive

instruction and services for up to two consecutive academic years after completion of grade 12 or until the pupil has passed both parts of the high school exit examination, whichever comes first, pursuant to paragraphs (4) and (5) of subdivision (d) of Section 37254.

(ii) That pupils who have elected to receive intensive instruction and services, pursuant to paragraphs (4) and (5) of subdivision (d) of Section 37254, are being served.

(F) (i) Commencing with the 2010–11 fiscal year and every third year thereafter, the Superintendent shall identify a list of schools ranked in deciles 1 to 3, inclusive, of the API for which the county superintendent, or his or her designee, annually shall submit a report, at a regularly scheduled November board meeting, to the governing board of each school district under his or her jurisdiction, the county board of education of his or her county, and the board of supervisors of his or her county that describes the state of the schools in the county or of his or her office that are ranked in deciles 1 to 3, inclusive, of the base API as defined in clause (ii).

(ii) For the 2010–11 fiscal year, the list of schools ranked in deciles 1 to 3, inclusive, of the base API shall be updated using the criteria set forth in clauses (i) and (ii) of subparagraph (B), subparagraph (C), and subparagraph (D), as applied to the 2009 base API and thereafter shall be updated every third year using the criteria set forth in clauses (i) and (ii) of subparagraph (B), subparagraph (C), and subparagraph (D), as applied to the base API of the year preceding the third year consistent with clause (i).

(iii) As a condition for the receipt of funds, the annual report shall include the determinations for each school made by the county superintendent, or his or her designee, regarding the status of all of the circumstances listed in subparagraph (J) and teacher misassignments and teacher vacancies, and the county superintendent, or his or her designee, shall use a standardized template to report the circumstances listed in subparagraph (J) and teacher misassignments and teacher vacancies, unless the current annual report being used by the county superintendent, or his or her designee, already includes those details with the same level of specificity that is otherwise required by this subdivision.

(G) The county superintendent of the Counties of Alpine, Amador, Del Norte, Mariposa, Plumas, and Sierra, and the City and County of San Francisco shall contract with another county office of education or an independent auditor to conduct the required visits and make all reports required by this paragraph.

(H) On a quarterly basis, the county superintendent, or his or her designee, shall report the results of the visits and reviews conducted that quarter to the governing board of the school district at a regularly scheduled meeting held in accordance with public notification requirements. The results of the visits and reviews shall include the determinations of the county superintendent, or his or her designee, for each school regarding the status of all of the circumstances listed in subparagraph (J) and teacher misassignments and teacher vacancies. If the county superintendent, or his

or her designee, conducts no visits or reviews in a quarter, the quarterly report shall report that fact.

(I) The visits made pursuant to this paragraph shall be conducted at least annually and shall meet the following criteria:

(i) Minimize disruption to the operation of the school.

(ii) Be performed by individuals who meet the requirements of Section 45125.1.

(iii) Consist of not less than 25 percent unannounced visits in each county. During unannounced visits in each county, the county superintendent shall not demand access to documents or specific school personnel. Unannounced visits shall only be used to observe the condition of school repair and maintenance, and the sufficiency of instructional materials, as defined by Section 60119.

(J) The priority objective of the visits made pursuant to this paragraph shall be to determine the status of all of the following circumstances:

(i) Sufficient textbooks as defined in Section 60119 and as specified in subdivision (i).

(ii) The condition of a facility that poses an emergency or urgent threat to the health or safety of pupils or staff as defined in district policy or paragraph (1) of subdivision (c) of Section 17592.72.

(iii) The accuracy of data reported on the school accountability report card with respect to the availability of sufficient textbooks and instructional materials, as defined by Section 60119, and the safety, cleanliness, and adequacy of school facilities, including good repair as required by Sections 17014, 17032.5, 17070.75, and 17089.

(iv) The extent to which pupils who have not passed the high school exit examination by the end of grade 12 are informed that they are entitled to receive intensive instruction and services for up to two consecutive academic years after completion of grade 12 or until the pupil has passed both parts of the high school exit examination, whichever comes first, pursuant to paragraphs (4) and (5) of subdivision (d) of Section 37254.

(v) The extent to which pupils who have elected to receive intensive instruction and services, pursuant to paragraphs (4) and (5) of subdivision (d) of Section 37254, are being served.

(K) The county superintendent may make the status determinations described in subparagraph (J) during a single visit or multiple visits. In determining whether to make a single visit or multiple visits for this purpose, the county superintendent shall take into consideration factors such as cost-effectiveness, disruption to the schoolsite, deadlines, and the availability of qualified reviewers.

(L) If the county superintendent determines that the condition of a facility poses an emergency or urgent threat to the health or safety of pupils or staff as defined in district policy or paragraph (1) of subdivision (c) of Section 17592.72, or is not in good repair, as specified in subdivision (d) of Section 17002 and required by Sections 17014, 17032.5, 17070.75, and 17089, the county superintendent, among other things, may do any of the following:

(i) Return to the school to verify repairs.

(ii) Prepare a report that specifically identifies and documents the areas or instances of noncompliance if the district has not provided evidence of successful repairs within 30 days of the visit of the county superintendent or, for major projects, has not provided evidence that the repairs will be conducted in a timely manner. The report may be provided to the governing board of the school district. If the report is provided to the school district, it shall be presented at a regularly scheduled meeting held in accordance with public notification requirements. The county superintendent shall post the report on his or her Internet Web site. The report shall be removed from the Internet Web site when the county superintendent verifies the repairs have been completed.

(d) Distribute all laws, reports, circulars, instructions, and blanks that he or she may receive for the use of the school officers.

(e) Annually, on or before August 15, present a report to the governing board of the school district and the Superintendent regarding the fiscal solvency of a school district with a disapproved budget, qualified interim certification, or a negative interim certification, or that is determined to be in a position of fiscal uncertainty pursuant to Section 42127.6.

(f) Keep in his or her office the reports of the Superintendent.

(g) Keep a record of his or her official acts, and of all the proceedings of the county board of education, including a record of the standing, in each study, of all applicants for certificates who have been examined, which shall be open to the inspection of an applicant or his or her authorized agent.

(h) Enforce the course of study.

(i) (1) Enforce the use of state textbooks and instructional materials and of high school textbooks and instructional materials regularly adopted by the proper authority in accordance with Section 51050.

(2) For purposes of this subdivision, sufficient textbooks or instructional materials has the same meaning as in subdivision (c) of Section 60119.

(3) (A) Commencing with the 2005–06 school year, if a school is ranked in any of deciles 1 to 3, inclusive, of the base API, as specified in paragraph (2) of subdivision (c), and not currently under review pursuant to a state or federal intervention program, the county superintendent specifically shall review that school at least annually as a priority school. A review conducted for purposes of this paragraph shall be completed by the fourth week of the school year. 8263.2. (a) Notwithstanding any other law, effective July 1, 2011, the department shall reduce the maximum reimbursable amounts of the contracts for the Preschool Education Program, the General Child Care Program, the Migrant Day Care Program, the Alternative Payment Program, the CalWORKs Stage 3 Program, and the Allowance for Handicapped Program by 11 percent or by whatever proportion is necessary to ensure that expenditures for these programs do not exceed the amounts appropriated for them, including any reductions made subsequent to the adoption of the annual Budget Act. The department may consider the contractor’s performance or whether the contractor serves children in underserved areas as defined in subdivision (ag) of Section 8208 when determining contract reductions, provided that the aggregate reduction to each program specified in this subdivision is 11 percent or by whatever proportion is necessary to ensure that expenditures for these programs do not exceed the amounts appropriated for them, including any reductions made subsequent to the adoption of the annual Budget Act.

(b) Notwithstanding any other law, effective July 1, 2011, families shall be disenrolled from subsidized child care services, consistent with the priorities for services specified in subdivision (b) of Section 8263. Families shall be disenrolled in the following order:

(1) Families whose income exceeds 70 percent of the state median income (SMI) adjusted for family size, except for families whose children are receiving child protective services or are at risk of being neglected or abused.

(2) Families with the highest income below 70 percent of the SMI, in relation to family size.

(3) Families that have the same income and have been enrolled in child care services the longest.

(4) Families that have the same income and have a child with exceptional needs.

(5) Families whose children are receiving child protective services or are at risk of being neglected or abused, regardless of family income.

SEC. 9. Section 8263.4 of the Education Code is amended to read:

8263.4. (a) The preferred placement for children who are 11 or 12 years of age and who are otherwise eligible for subsidized child care and development services shall be in a before or after school program.

(b) Children who are 11 or 12 years of age shall be eligible for subsidized child care services only for the portion of care needed that is not available in a before or after school program provided pursuant to Article 22.5 (commencing with Section 8482) or Article 22.6 (commencing with Section 8484.7). Contractors shall provide each family of an eligible 11 or 12 year old with the option of combining care provided in a before or after school program with subsidized child care in another setting, for those hours within a day when the before or after school program does not operate, in order to meet the child care needs of the family.

(c) Children who are 11 or 12 years of age, who are eligible for and who are receiving subsidized child care services, and for whom a before or after school program is not available, shall continue to receive subsidized child care services.

(d) A before or after school program shall be considered not available when a parent certifies in writing, on a form provided by the department that is translated into the parent's primary language pursuant to Sections 7295.4 and 7296.2 of the Government Code, the reason or reasons why the program would not meet the child care needs of the family. The reasons why a before or after school program shall be considered not available shall include, but not be limited to, any of the following:

(1) The program does not provide services when needed during the year, such as during the summer, school breaks, or intersession.

(2) The program does not provide services when needed during the day, such as in the early morning, evening, or weekend hours.

(3) The program is too geographically distant from the child's school of attendance.

(4) The program is too geographically distant from the parents' residence.

(5) Use of the program would create substantial transportation obstacles for the family.

(6) Any other reason that makes the use of before or after school care inappropriate for the child or burdensome on the family.

(e) If an 11 or 12 year old child who is enrolled in a subsidized child development program becomes ineligible for subsidized child care under subdivision (b) and is disenrolled from the before or after school program, or if the before or after school program no longer meets the child care needs of the family, the child shall be given priority to return to the subsidized child care services upon the parent's notification of the contractor of the need for child care.

(f) This section does not apply to an 11 or 12 year old child with a disability, including a child with exceptional needs who has an individualized education program as required by the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), or Part 30 (commencing with Section 56000) of Division 4 of Title 2.

(g) The savings generated each contract year by the implementation of the changes made to this section by the act amending this section during the 2005–06 Regular Session shall remain with each alternative payment program, child development center, or other contractor for the provision of child care services, except for care provided by programs pursuant to Article 15.5 (commencing with Section 8350). Each contractor shall report annually to the department the amount of savings resulting from this implementation, and the department shall report annually to the Legislature the amount of savings statewide resulting from that implementation.

SEC. 10. Section 8447 of the Education Code is amended to read:

8447. (a) The Legislature hereby finds and declares that greater efficiencies may be achieved in the execution of state subsidized child care and development program contracts with public and private agencies by the timely approval of contract provisions by the Department of Finance, the Department of General Services, and the State Department of Education and by authorizing the State Department of Education to establish a multiyear application, contract expenditure, and service review as may be necessary to provide timely service while preserving audit and oversight functions to protect the public welfare.

(b) (1) The Department of Finance and the Department of General Services shall approve or disapprove annual contract funding terms and conditions, including both family fee schedules and regional market rate schedules that are required to be adhered to by contract, and contract face sheets submitted by the State Department of Education not more than 30 working days from the date of submission, unless unresolved conflicts remain between the Department of Finance, the State Department of Education, and the Department of General Services. The State Department of Education shall resolve conflicts within an additional 30 working day time period. Contracts and funding terms and conditions shall be issued to child care contractors no later than June 1. Applications for new child care funding shall be issued not more than 45 working days after the effective date of authorized new allocations of child care moneys.

(2) Notwithstanding paragraph (1), the State Department of Education shall implement the regional market rate schedules based upon the county

aggregates, as determined by the Regional Market survey conducted in 2005.

(3) Notwithstanding paragraph (1), for the 2006–07 fiscal year, the State Department of Education shall update the family fee schedules by family size, based on the 2005 state median income survey data for a family of four. The family fee schedule used during the 2005–06 fiscal year shall remain in effect. However, the department shall adjust the family fee schedule for families that are newly eligible to receive or will continue to receive services under the new income eligibility limits. The family fees shall not exceed 10 percent of the family’s monthly income.

(4) Notwithstanding any other law, the family fee schedule that was in effect for the 2007–08, 2008–09, 2009–10, and 2010–11 fiscal years shall be adjusted to reflect the income eligibility limits specified in subdivision (b) of Section 8263.1 for the 2011–12 fiscal year, and shall retain a flat fee per family. The revised family fee schedule shall begin at income levels at which families currently begin paying fees. The revised family fees shall not exceed 10 percent of the family’s monthly income. The State Department of Education shall first submit the adjusted fee schedule to the Department of Finance for approval in order to be implemented by July 1, 2011.

(5) It is the intent of the Legislature to fully fund the third stage of child care for former CalWORKs recipients.

(c) With respect to subdivision (b), it is the intent of the Legislature that the Department of Finance annually review contract funding terms and conditions for the primary purpose of ensuring consistency between child care contracts and the child care budget. This review shall include evaluating any proposed changes to contract language or other fiscal documents to which the contractor is required to adhere, including those changes to terms or conditions that authorize higher reimbursement rates, that modify related adjustment factors, that modify administrative or other service allowances, or that diminish fee revenues otherwise available for services, to determine if the change is necessary or has the potential effect of reducing the number of full-time equivalent children that may be served.

(d) Alternative payment child care systems, as set forth in Article 3 (commencing with Section 8220), shall be subject to the rates established in the Regional Market Rate Survey of California Child Care Providers for provider payments. The State Department of Education shall contract to conduct and complete a Regional Market Rate Survey no more frequently than once every two years, consistent with federal regulations, with a goal of completion by March 1.

(e) By March 1 of each year, the Department of Finance shall provide to the State Department of Education the State Median Income amount for a four-person household in California based on the best available data. The State Department of Education shall adjust its fee schedule for child care providers to reflect this updated state median income; however, no changes based on revisions to the state median income amount shall be implemented midyear.

(f) Notwithstanding the June 1 date specified in subdivision (b), changes to the regional market rate schedules and fee schedules may be made at any other time to reflect the availability of accurate data necessary for their completion, provided these documents receive the approval of the Department of Finance. The Department of Finance shall review the changes within 30 working days of submission and the State Department of Education shall resolve conflicts within an additional 30 working day period. Contractors shall be given adequate notice prior to the effective date of the approved schedules. It is the intent of the Legislature that contracts for services not be delayed by the timing of the availability of accurate data needed to update these schedules.

(g) Notwithstanding any other provision of law, no family receiving CalWORKs cash aid may be charged a family fee.

General Fund revenues for a fiscal year to which paragraph (1) of subdivision (b) is being applied shall include, in that computation, only General Fund revenues for that fiscal year that are the proceeds of taxes, as defined in subdivision (c) of Section 8 of Article XIII B of the California Constitution, and shall not include prior fiscal year revenues. Commencing with the 1995–96 fiscal year, and each fiscal year thereafter, “General Fund revenues that are the proceeds of taxes,” as defined in subdivision (c) of Section 8 of Article XIII B of the California Constitution, includes any portion of the proceeds of taxes received from the state sales tax that are transferred to the counties pursuant to, and only if, legislation is enacted during the 1995–96 fiscal year the purpose of which is to realign children’s programs. (c) “General Fund revenues appropriated for school districts,” as used in paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to school districts, as defined in Section 41302.5, regardless of whether those appropriations were made from the General Fund to the Superintendent of Public Instruction, to the Controller, or to any other fund or state agency for the purpose of allocation to school districts. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (1) of subdivision (b) of Article XVI, without regard to any unexpended balance of any appropriation. Any reappropriation of funds appropriated in any prior year shall not be included in the sum of appropriations.

(d) “General Fund revenues appropriated for community college districts,” as used in paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to community college districts, regardless of whether those appropriations were made from the General Fund to the Controller, to the Chancellor of the California Community Colleges, or to any other fund or state agency for the purpose of allocation to community college districts. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (1) of subdivision (b) of Article XVI, without regard to any unexpended balance of any appropriation. Any

reappropriation of funds appropriated in any prior year shall not be included in the sum of appropriations.

(e) “Total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as used in paragraph (2) or (3) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to school districts, as defined in Section 41302.5, and community college districts, regardless of whether those appropriations were made from the General Fund to the Controller, to the Superintendent of Public Instruction, to the Chancellor of the California Community Colleges, or to any other fund or state agency for the purpose of allocation to school districts and community college districts. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (2) or (3) of subdivision (b) of Section 8 of Article XVI, without regard to any unexpended balance of any appropriation. (1) Any appropriation that is not made for allocation to a school district, as defined in Section 41302.5, or to a community college district regardless of whether the appropriation is made for any purpose that may be considered to be for the benefit to a school district, as defined in Section 41302.5, or a community college district. This paragraph shall not be construed to exclude any funding appropriated for the Child Care and Development Services Act pursuant to Chapter 2 (commencing with Section 8200) of Part 6.

pursuant to Section 84700. In no event shall the revenues or receipts derived from student fees be considered “allocated local proceeds of taxes.”

(i) For the purposes of calculating the 4 percent entitlement pursuant to subdivision (a) of Section 8.5 of Article XVI of the California Constitution, “the total amount required pursuant to Section 8(b)” shall mean the General Fund aid required for schools pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution, and shall not include allocated local proceeds of taxes.

SEC. 13. Section 41202 is added to the Education Code, to read:

Commencing with the 1995–96 fiscal year, and each fiscal year thereafter, “General Fund revenues that are the proceeds of taxes,” as defined in subdivision (c) of Section 8 of Article XIII B of the California Constitution, includes any portion of the proceeds of taxes received from the state sales tax that are transferred to the counties pursuant to, and only if, legislation is enacted during the 1995–96 fiscal year the purpose of which is to realign children’s programs. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (1) of subdivision (b) of Article XVI, without regard to any unexpended balance of any appropriation. In no event shall the revenues or receipts derived from student fees be considered "allocated local proceeds of taxes."

(i) For purposes of calculating the 4-percent entitlement pursuant to subdivision (a) of Section 8.5 of Article XVI of the California Constitution, "the total amount required pursuant to Section 8(b)" shall mean the General Fund aid required for schools pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution, and shall not include allocated local proceeds of taxes.

(j) This section shall become operative on July 1, 2011.

SEC. 14. Section 41202.5 is added to the Education Code, to read:

41202.5. (a) The finds and declares as follows:

(1) The Legislature acted to implement Proposition 98 soon after its passage by defining "total allocations to school districts and community college districts from General Fund proceeds of taxes" to include the entirety of programs funded under the Child Care and Development Services Act (Chapter 2 (commencing with Section 8200) of Part 6 of Division 1 of Title 1).

(2) In *California Teachers Assn. v. Hayes* (1992) 5 Cal.App.4th 1513, the Court of Appeal permitted the inclusion of child care within the Proposition 98 minimum funding guarantee but left open the possibility of excluding particular child care programs that did not directly advance and support the educational mission of school districts.

(b) It is the intent of the Legislature to clarify that the part-time state preschool programs and the After School Education and Safety Program fall within the Proposition 98 guarantee and to fund other child care programs less directly associated with school districts from appropriations that do not count toward the Proposition 98 minimum guarantee.

(c) Notwithstanding any other provision of law, for purposes of making the computations required by subdivision (b) of Section 8 of Article XVI of the California Constitution in the 2011–12 fiscal year and each subsequent fiscal year, both of the following apply:

(1) For purposes of paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, the term “General Fund revenues appropriated for school districts and community college districts, respectively, in fiscal year 1986–87” does not include General Fund revenues appropriated for any program within Chapter 2 (commencing with Section 8200) of Part 6 of Division 1 of Title 1, with the exception of the part-day California state preschool programs set forth in Article 7 (commencing with Section 8235) and the After School Education and Safety Program in Article 22.5 (commencing with Section 8482). The Director of Finance shall adjust accordingly “the percentage of General Fund revenues appropriated for school districts and community college districts, respectively, in fiscal year 1986–87,” for purposes of applying that percentage in the 2011–12 fiscal year and each subsequent fiscal year in making the calculations required under paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(2) General Fund revenues appropriated in the 2010–11 fiscal year or any subsequent fiscal year for any program within Chapter 2 (commencing with Section 8200) of Part 6 of Division 1 of Title 1, with the exception of the part-day California state preschool programs set forth in Article 7 (commencing with Section 8235) and the After School Education and Safety Program in Article 22.5 (commencing with Section 8482), are not included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B” for purposes of paragraph (2) or (3) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

SEC. 15. Section 41210 is added to the Education Code, to read:

41210. (a) The revenues transferred pursuant to Section 6015.15 and 6201.15 of the Revenue and Taxation Code are not “General Fund revenues” as that term is used in Section 8 of Article XVI of the California Constitution.

(b) This section shall be operative for the 2011–12 fiscal year and subsequent years so long as one or more ballot measures approved before November 17, 2012, authorize the determination in subdivision (a) and provide funding for school districts and community college districts in an

amount equal to that which would have been provided if the revenues referenced in subdivision (a) were General Fund revenues for purposes of Section 8 of Article XVI of the California Constitution.

SEC. 16. Section 41211 is added to the Education Code, to read:

41211. The following shall apply if Section 41210 is rendered inoperative because the ballot measure or measures described in subdivision (b) of that section are not approved:

(a) Before December 17, 2012, the Director of Finance, in consultation with the Superintendent, shall determine the amount of funding that would have been provided in the 2011–12 fiscal year to school districts and community college districts if the revenues described in subdivision (a) of Section 41210 were General Fund revenues for purposes of Section 8 of Article XVI of the California Constitution.

(b) For each of the 2012–13 to 2016–17, inclusive, fiscal years, 17.8 percent of the amount determined in subdivision (a) is appropriated from the General Fund to the Superintendent and shall be distributed in the following priority:

- (1) To reduce amounts deferred under Section 14041.6.
- (2) To repay obligations to school districts and county offices of education under Section 6 of Article XIII B of the California Constitution.
- (3) To use for other one-time purposes as provided by statute enacted after the effective date of this section.

(c) For each of the 2012–13 to 2016–17, inclusive, fiscal years, 2.2 percent of the amount determined in subdivision (a) is appropriated from the General Fund to the Chancellor of the California Community Colleges and shall be distributed in the following priority:

- (1) To reduce amounts deferred under Section 84321.6.
- (2) To repay obligations to community college districts under Section 6 of Article XIII B of the California Constitution.
- (3) To use for other one-time purposes as provided by statute enacted after the effective date of this section.

(d) For the 2011–12 fiscal year and subsequent fiscal years, the computations required by Section 8 of Article XVI of the California Constitution shall include the amount determined in subdivision (a).

SEC. 17. Section 42127 of the Education Code is amended to read:

42127. (a) On or before July 1 of each year, the governing board of each school district shall accomplish the following:

- (1) Hold a public hearing on the budget to be adopted for the subsequent fiscal year. The budget to be adopted shall be prepared in accordance with Section 42126. The agenda for that hearing shall be posted at least 72 hours prior to the public hearing and shall include the location where the budget will be available for public inspection.

(A) For the 2011–12 fiscal year, notwithstanding any of the standards and criteria adopted by the state board pursuant to Section 33127, each school district budget shall project the same level of revenue per unit of average daily attendance as it received in the 2010–11 fiscal year and shall maintain staffing and program levels commensurate with that level.

(B) For the 2011–12 fiscal year, the school district shall not be required to demonstrate that it is able to meet its financial obligations for the two subsequent fiscal years.

(2) Adopt a budget. Not later than five days after that adoption or by July 1, whichever occurs first, the governing board shall file that budget with the county superintendent of schools. That budget and supporting data shall be maintained and made available for public review. If the governing board of the district does not want all or a portion of the property tax requirement levied for the purpose of making payments for the interest and redemption charges on indebtedness as described in paragraph (1) or (2) of subdivision (b) of Section 1 of Article XIII A of the California Constitution, the budget shall include a statement of the amount or portion for which a levy shall not be made.

(b) The county superintendent of schools may accept changes in any statement included in the budget, pursuant to subdivision (a), of the amount or portion for which a property tax levy shall not be made. The county superintendent or the county auditor shall compute the actual amounts to be levied on the property tax rolls of the district for purposes that exceed apportionments to the district pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code. Each school district shall provide all data needed by the county superintendent or the county auditor to compute the amounts. On or before August 15, the county superintendent shall transmit the amounts computed to the county auditor who shall compute the tax rates necessary to produce the amounts. On or before September 1, the county auditor shall submit the rate computed to the board of supervisors for adoption.

(c) The county superintendent of schools shall do all of the following:

(1) Examine the adopted budget to determine whether it complies with the standards and criteria adopted by the state board pursuant to Section 33127 for application to final local educational agency budgets. The county superintendent shall identify, if necessary, any technical corrections that are required to be made to bring the budget into compliance with those standards and criteria.

(2) Determine whether the adopted budget will allow the district to meet its financial obligations during the fiscal year and is consistent with a financial plan that will enable the district to satisfy its multiyear financial commitments. In addition to his or her own analysis of the budget of each school district, the county superintendent of schools shall review and consider studies, reports, evaluations, or audits of the school district that were commissioned by the district, the county superintendent, the Superintendent, and state control agencies and that contain evidence that the school district is showing fiscal distress under the standards and criteria adopted in Section 33127 or that contain a finding by an external reviewer that more than three of the 15 most common predictors of a school district needing intervention, as determined by the County Office Fiscal Crisis and Management Assistance Team, are present. The county superintendent of schools shall either conditionally approve or disapprove a budget that does

not provide adequate assurance that the district will meet its current and future obligations and resolve any problems identified in studies, reports, evaluations, or audits described in this paragraph.

(d) On or before August 15, the county superintendent of schools shall approve, conditionally approve, or disapprove the adopted budget for each school district. If a school district does not submit a budget to the county superintendent of schools, the county superintendent of schools shall, at district expense, develop a budget for that school district by September 15 and transmit that budget to the governing board of the school district. The budget prepared by the county superintendent of schools shall be deemed adopted, unless the county superintendent of schools approves any modifications made by the governing board of the school district. The approved budget shall be used as a guide for the district's priorities. The Superintendent shall review and certify the budget approved by the county. If, pursuant to the review conducted pursuant to subdivision (c), the county superintendent of schools determines that the adopted budget for a school district does not satisfy paragraph (1) or (2) of that subdivision, he or she shall conditionally approve or disapprove the budget and, not later than August 15, transmit to the governing board of the school district, in writing, his or her recommendations regarding revision of the budget and the reasons for those recommendations, including, but not limited to, the amounts of any budget adjustments needed before he or she can conditionally approve that budget. The county superintendent of schools may assign a fiscal adviser to assist the district to develop a budget in compliance with those revisions. In addition, the county superintendent of schools may appoint a committee to examine and comment on the superintendent's review and recommendations, subject to the requirement that the committee report its findings to the superintendent no later than August 20. For the 2011–12 fiscal year, notwithstanding any of the standards and criteria adopted by the state board pursuant to Section 33127, the county superintendent, as a condition on approval of a school district budget, shall not require a school district to project a lower level of revenue per unit of average daily attendance than it received in the 2010–11 fiscal year nor require the school district to demonstrate that it is able to meet its financial obligations for the two subsequent fiscal years.

(e) On or before September 8, the governing board of the school district shall revise the adopted budget to reflect changes in projected income or expenditures subsequent to July 1, and to include any response to the recommendations of the county superintendent of schools, shall adopt the revised budget, and shall file the revised budget with the county superintendent of schools. Prior to revising the budget, the governing board shall hold a public hearing regarding the proposed revisions, to be conducted in accordance with Section 42103. In addition, if the adopted budget is disapproved pursuant to subdivision (d), the governing board and the county superintendent of schools shall review the disapproval and the recommendations of the county superintendent of schools regarding revision

of the budget at the public hearing. The revised budget and supporting data shall be maintained and made available for public review.

(1) For the 2011–12 fiscal year, notwithstanding any of the standards and criteria adopted by the state board pursuant to Section 33127, each school district budget shall project the same level of revenue per unit of average daily attendance as it received in the 2010–11 fiscal year and shall maintain staffing and program levels commensurate with that level.

(2) For the 2011–12 fiscal year, the school district shall not be required to demonstrate that it is able to meet its financial obligations for the two subsequent fiscal years.

(f) On or before September 22, the county superintendent of schools shall provide a list to the Superintendent identifying all school districts for which budgets may be disapproved.

(g) The county superintendent of schools shall examine the revised budget to determine whether it (1) complies with the standards and criteria adopted by the state board pursuant to Section 33127 for application to final local educational agency budgets, (2) allows the district to meet its financial obligations during the fiscal year, (3) satisfies all conditions established by the county superintendent of schools in the case of a conditionally approved budget, and (4) is consistent with a financial plan that will enable the district to satisfy its multiyear financial commitments, and, not later than October 8, shall approve or disapprove the revised budget. If the county superintendent of schools disapproves the budget, he or she shall call for the formation of a budget review committee pursuant to Section 42127.1, unless the governing board of the school district and the county superintendent of schools agree to waive the requirement that a budget review committee be formed and the department approves the waiver after determining that a budget review committee is not necessary. Upon the grant of a waiver, the county superintendent immediately has the authority and responsibility provided in Section 42127.3. Upon approving a waiver of the budget review committee, the department shall ensure that a balanced budget is adopted for the school district by November 30. If no budget is adopted by November 30, the Superintendent may adopt a budget for the school district. The Superintendent shall report to the Legislature and the Director of Finance by December 10 if any district, including a district that has received a waiver of the budget review committee process, does not have an adopted budget by November 30. This report shall include the reasons why a budget has not been adopted by the deadline, the steps being taken to finalize budget adoption, the date the adopted budget is anticipated, and whether the Superintendent has or will exercise his or her authority to adopt a budget for the school district. For the 2011–12 fiscal year, notwithstanding any of the standards and criteria adopted by the state board pursuant to Section 33127, the county superintendent, as a condition on approval of a school district budget, shall not require a school district to project a lower level of revenue per unit of average daily attendance than it received in the 2010–11 fiscal year nor require the school district to

demonstrate that it is able to meet its financial obligations for the two subsequent fiscal years.

(h) Not later than October 8, the county superintendent of schools shall submit a report to the Superintendent identifying all school districts for which budgets have been disapproved or budget review committees waived. The report shall include a copy of the written response transmitted to each of those districts pursuant to subdivision (d).

(i) Notwithstanding any other provision of this section, the budget review for a school district shall be governed by paragraphs (1), (2), and (3) of this subdivision, rather than by subdivisions (e) and (g), if the governing board of the school district so elects and notifies the county superintendent in writing of that decision, not later than October 31 of the immediately preceding calendar year. On or before July 1, the governing board of a school district for which the budget review is governed by this subdivision, rather than by subdivisions (e) and (g), shall conduct a public hearing regarding its proposed budget in accordance with Section 42103.

(1) If the adopted budget of a school district is disapproved pursuant to subdivision (d), on or before September 8, the governing board of the school district, in conjunction with the county superintendent of schools, shall review the superintendent's recommendations at a regular meeting of the governing board and respond to those recommendations. The response shall include any revisions to the adopted budget and other proposed actions to be taken, if any, as a result of those recommendations.

(2) On or before September 22, the county superintendent of schools will provide a list to the Superintendent identifying all school districts for which a budget may be tentatively disapproved.

(3) Not later than October 8, after receiving the response required under paragraph (1), the county superintendent of schools shall review that response and either approve or disapprove the budget. If the county superintendent of schools disapproves the budget, he or she shall call for the formation of a budget review committee pursuant to Section 42127.1, unless the governing board of the school district and the county superintendent of schools agree to waive the requirement that a budget review committee be formed and the department approves the waiver after determining that a budget review committee is not necessary. Upon the grant of a waiver, the county superintendent has the authority and responsibility provided to a budget review committee in Section 42127.3. Upon approving a waiver of the budget review committee, the department shall ensure that a balanced budget is adopted for the school district by November 30. The Superintendent shall report to the Legislature and the Director of Finance by December 10 if any district, including a district that has received a waiver of the budget review committee process, does not have an adopted budget by November 30. This report shall include the reasons why a budget has not been adopted by the deadline, the steps being taken to finalize budget adoption, and the date the adopted budget is anticipated. For the 2011–12 fiscal year, notwithstanding any of the standards and criteria adopted by the state board pursuant to Section 33127, the county superintendent, as a condition on approval of a

school district budget, shall not require a school district to project a lower level of revenue per unit of average daily attendance than it received in the 2010–11 fiscal year nor require the school district to demonstrate that it is able to meet its financial obligations for the two subsequent fiscal years.

(4) Not later than 45 days after the Governor signs the annual Budget Act, the school district shall make available for public review any revisions in revenues and expenditures that it has made to its budget to reflect the funding made available by that Budget Act.

(j) Any school district for which the county board of education serves as the governing board is not subject to subdivisions (c) to (h), inclusive, but is governed instead by the budget procedures set forth in Section 1622.

These supplemental categorical block grant funds may be used for any educational purpose. Commencing in the 2011–12 fiscal year, a locally or direct funded charter school that converted from a preexisting school between the 2008–09 and 2014–15 fiscal years, inclusive, is not eligible for funding specified in this section. A charter school that receives funding pursuant to this subdivision shall not

The termination shall be pursuant to Sections 44951 and 44955 but, notwithstanding anything to the contrary in Sections 44951 and 44955, in accordance with a schedule of notice and hearing adopted by the governing board.

(f) This section shall be operative on February 1, 2012, only for the 2011–12 school year and only if subdivision (c) of Section 3.94 of the Budget Act of 2011 is operative.

However, for high school graduates who apply after their senior year, “high school grade point average” includes senior year coursework.

(i) “Instructional program of not less than one academic year” means a program of study that results in the award of an associate or baccalaureate degree or certificate requiring at least 24 semester units or the equivalent, or that results in eligibility for transfer from a community college to a baccalaureate degree program.

The commission shall annually adjust the maximum household income and asset levels based on the percentage change in the cost of living within the meaning of paragraph (1) of subdivision (e) of Section 8 of Article XIII B of the California Constitution. The maximum household income and asset levels applicable to a renewing recipient shall be the greater of the adjusted maximum household income and asset levels or the maximum household income and asset levels at the time of the renewing recipient’s initial Cal Grant award. For a recipient who was initially awarded a Cal Grant for an academic year before the 2011–12 academic year, the maximum household income and asset levels shall be the greater of the adjusted maximum household income and asset levels or the 2010–11 academic year maximum household income and asset levels. An applicant or renewal recipient who qualifies to be considered under the simplified needs test established by federal law for student assistance shall be presumed to meet the asset level test under this section. Prior to disbursing any Cal Grant funds, a qualifying institution shall be obligated, under the terms of its institutional participation agreement with the commission, to resolve any conflicts that may exist in the data the institution possesses relating to that individual.

(l) (1) “Qualifying institution” means an institution that complies with paragraphs (2) and (3) and is any of the following:

(A) A California private or independent postsecondary educational institution that participates in the Pell Grant Program and in at least two of the following federal campus-based student aid programs:

- (i) Federal Work-Study.
- (ii) Perkins Loan Program.
- (iii) Supplemental Educational Opportunity Grant Program.

(B) A nonprofit institution headquartered and operating in California that certifies to the commission that 10 percent of the institution's operating budget, as demonstrated in an audited financial statement, is expended for purposes of institutionally funded student financial aid in the form of grants, that demonstrates to the commission that it has the administrative capacity to administer the funds, that is accredited by the Western Association of Schools and Colleges, and that meets any other state-required criteria adopted by regulation by the commission in consultation with the Department of Finance. A regionally accredited institution that was deemed qualified by the commission to participate in the Cal Grant Program for the 2000–01 academic year shall retain its eligibility as long as it maintains its existing accreditation status.

(C) A California public postsecondary educational institution.

(2) (A) The institution shall provide information on where to access California license examination passage rates for the most recent available year from graduates of its undergraduate programs leading to employment for which passage of a California licensing examination is required, if that data is electronically available through the Internet Web site of a California licensing or regulatory agency. For purposes of this paragraph, “provide” may exclusively include placement of an Internet Web site address labeled as an access point for the data on the passage rates of recent program graduates on the Internet Web site where enrollment information is also located, on an Internet Web site that provides centralized admissions information for postsecondary educational systems with multiple campuses, or on applications for enrollment or other program information distributed to prospective students.

(B) The institution shall be responsible for certifying to the commission compliance with the requirements of subparagraph (A).

(3) (A) The commission shall certify by October 1 of each year the institution's latest three-year cohort default rate as most recently reported by the United States Department of Education.

(B) For purposes of the 2011–12 academic year, an otherwise qualifying institution with a 2008 three-year cohort default rate reported by the United States Department of Education as of February 28, 2011, that is equal to or greater than 24.6 percent shall be ineligible for initial and renewal Cal Grant awards at the institution, except as provided in subparagraph (F).

(C) For purposes of the 2012–13 academic year, and every academic year thereafter, an otherwise qualifying institution with a three-year cohort default rate that is equal to or greater than 30 percent, as certified by the commission on October 1, 2011, and every year thereafter, shall be ineligible

for initial and renewal Cal Grant awards at the institution, except as provided in subparagraph (F).

(D) (i) An otherwise qualifying institution that becomes ineligible under this paragraph for initial and renewal Cal Grant awards may regain its eligibility for the academic year following an academic year in which it satisfies the requirements established in subparagraph (B) or (C), as applicable.

(ii) If the United States Department of Education corrects or revises an institution's three-year cohort default rate that originally failed to satisfy the requirements established in subparagraph (B) or (C), as applicable, and the correction or revision results in the institution's three-year cohort default rate satisfying those requirements, that institution shall immediately regain its eligibility for the academic year to which the corrected or revised three-year cohort default rate would have been applied.

(E) An otherwise qualifying institution for which no three-year cohort default rate has been reported by the United States Department of Education shall be provisionally eligible to participate in the Cal Grant Program until a three-year cohort default rate has been reported for the institution by the United States Department of Education.

(F) An institution that is ineligible for initial and renewal Cal Grant awards at the institution under subparagraph (B) or (C) shall be eligible for renewal Cal Grant awards for recipients who were enrolled in the ineligible institution during the academic year before the academic year for which the institution is ineligible and who choose to renew their Cal Grant awards to attend the ineligible institution. Cal Grant awards subject to this subparagraph shall be reduced as follows:

(i) The maximum Cal Grant A and B awards specified in the annual Budget Act shall be reduced by 20 percent.

(ii) The reductions specified in this subparagraph shall not impact access costs as specified in subdivision (b) of Section 69435.

(G) Notwithstanding any other law, the requirements of this paragraph shall not apply to institutions with 40 percent or less of undergraduate students borrowing federal student loans, using information reported to the United States Department of Education for the academic year two years prior to the year in which the commission is certifying the three-year cohort default rate pursuant to subparagraph (A).

(H) By January 1, 2013, the Legislative Analyst shall submit to the Legislature a report on the implementation of this paragraph. The report shall be prepared in consultation with the commission, and shall include policy recommendations for appropriate measures of default risk and other direct or indirect measures of quality or effectiveness in educational institutions participating in the Cal Grant Program, and appropriate scores for those measures. It is the intent of the Legislature that appropriate policy and fiscal committees review the requirements of this paragraph and consider changes thereto.

(m) "Satisfactory academic progress" means those criteria required by applicable federal standards published in Title 34 of the Code of Federal

Regulations. The commission may adopt regulations defining “satisfactory academic progress” in a manner that is consistent with those federal standards.

In making these adjustments, the board of governors may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts pursuant to Section 84750.5, the board of governors shall subtract, from the total revenue owed to each district, 98 percent of the revenues received by districts from charging a fee pursuant to this section.

(d) The board of governors shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement does not apply to any of the following:

(1) Students enrolled in the noncredit courses designated by Section 84757.

(2) California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(f) The governing board of a community college district may exempt special part-time students admitted pursuant to Section 76001 from the fee requirement.

(g) (1) The fee requirements of this section shall be waived for any student who, at the time of enrollment, is a recipient of benefits under the Temporary Assistance to Needy Families program, the Supplemental Security Income/State Supplementary Program, or a general assistance program or has demonstrated financial need in accordance with the methodology set forth in federal law or regulation for determining the expected family contribution of students seeking financial aid.

(2) The governing board of a community college district also shall waive the fee requirements of this section for any student who demonstrates

eligibility according to income standards established by regulations of the board of governors.

(3) Paragraphs (1) and (2) may be applied to a student enrolled in the 2005–06 academic year if the student is exempted from nonresident tuition under paragraph (3) of subdivision (a) of Section 76140.

(h) The fee requirements of this section shall be waived for any student who, at the time of enrollment, is a dependent, or surviving spouse who has not remarried, of any member of the California National Guard who, in the line of duty and while in the active service of the state, was killed, died of a disability resulting from an event that occurred while in the active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. “Active service of the state,” for the purposes of this subdivision, refers to a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code.

(i) The fee requirements of this section shall be waived for any student who is the surviving spouse or the child, natural or adopted, of a deceased person who met all of the requirements of Section 68120.

(j) The fee requirements of this section shall be waived for any student in an undergraduate program, including a student who has previously graduated from another undergraduate or graduate program, who is the dependent of any individual killed in the September 11, 2001, terrorist attacks on the World Trade Center and the Pentagon or the crash of United Airlines Flight 93 in southwestern Pennsylvania, if that dependent meets the financial need requirements set forth in Section 69432.7 for the Cal Grant A Program and either of the following applies:

(1) The dependent was a resident of California on September 11, 2001.

(2) The individual killed in the attacks was a resident of California on September 11, 2001.

(k) A determination of whether a person is a resident of California on September 11, 2001, for purposes of subdivision (j) shall be based on the criteria set forth in Chapter 1 (commencing with Section 68000) of Part 41 of Division 5 for determining nonresident and resident tuition.

(l) (1) “Dependent,” for purposes of subdivision (j), is a person who, because of his or her relationship to an individual killed as a result of injuries sustained during the terrorist attacks of September 11, 2001, qualifies for compensation under the federal September 11th Victim Compensation Fund of 2001 (Title IV (commencing with Section 401) of Public Law 107-42).

(2) A dependent who is the surviving spouse of an individual killed in the terrorist attacks of September 11, 2001, is entitled to the waivers provided in this section until January 1, 2013.

(4) A dependent of an individual killed in the terrorist attacks of September 11, 2001, who is determined to be eligible by the California

Victim Compensation and Government Claims Board, is also entitled to the waivers provided in this section until January 1, 2013.

(m) (1) It is the intent of the Legislature that sufficient funds be provided to support the provision of a fee waiver for every student who demonstrates eligibility pursuant to subdivisions (g) to (j), inclusive.

(2) From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to 2 percent of the fees waived pursuant to subdivisions (g) to (j), inclusive. From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to ninety-one cents (\$0.91) per credit unit waived pursuant to subdivisions (g) to (j), inclusive. It is the intent of the Legislature that funds provided pursuant to this subdivision be used to support the determination of financial need and delivery of student financial aid services, on the basis of the number of students for whom fees are waived. It also is the intent of the Legislature that the funds provided pursuant to this subdivision directly offset mandated costs claimed by community college districts pursuant to Commission on State Mandates consolidated Test Claims 99-TC-13 (Enrollment Fee Collection) and 00-TC-15 (Enrollment Fee Waivers). Funds allocated to a community college district for determination of financial need and delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 1992–93 fiscal year.

(n) The board of governors shall adopt regulations implementing this section.

SEC. 31. Section 7911.1 of the Family Code is amended to read:

7911.1. (a) Notwithstanding any other law, the State Department of Social Services or its designee shall investigate any threat to the health and safety of children placed by a California county social services agency or probation department in an out-of-state group home pursuant to the provisions of the Interstate Compact on the Placement of Children. This authority shall include the authority to interview children or staff in private or review their file at the out-of-state facility or wherever the child or files may be at the time of the investigation. Notwithstanding any other law, the State Department of Social Services or its designee shall require certified out-of-state group homes to comply with the reporting requirements applicable to group homes licensed in California pursuant to Title 22 of the California Code of Regulations for each child in care regardless of whether he or she is a California placement, by submitting a copy of the required reports to the Compact Administrator within regulatory timeframes. The Compact Administrator within one business day of receiving a serious events report shall verbally notify the appropriate placement agencies and within five working days of receiving a written report from the out-of-state group home, forward a copy of the written report to the appropriate placement agencies.

(b) Any contract, memorandum of understanding, or agreement entered into pursuant to paragraph (b) of Article 5 of the Interstate Compact on the Placement of Children regarding the placement of a child out of state by a California county social services agency or probation department shall include the language set forth in subdivision (a).

(c) The State Department of Social Services or its designee shall perform initial and continuing inspection of out-of-state group homes in order to either certify that the out-of-state group home meets all licensure standards required of group homes operated in California or that the department has granted a waiver to a specific licensing standard upon a finding that there exists no adverse impact to health and safety. Any failure by an out-of-state group home facility to make children or staff available as required by subdivision (a) for a private interview or make files available for review shall be grounds to deny or discontinue the certification. The State Department of Social Services shall grant or deny an initial certification or a waiver under this subdivision to an out-of-state group home facility that has more than six California children placed by a county social services agency or probation department by August 19, 1999. The department shall grant or deny an initial certification or a waiver under this subdivision to an out-of-state group home facility that has six or fewer California children placed by a county social services agency or probation department by February 19, 2000. Certifications made pursuant to this subdivision shall be reviewed annually.

(d) Within six months of the effective date of this section, a county shall be required to obtain an assessment and placement recommendation by a county multidisciplinary team for each child in an out-of-state group home facility. On or after March 1, 1999, a county shall be required to obtain an assessment and placement recommendation by a county multidisciplinary team prior to placement of a child in an out-of-state group home facility.

(e) Any failure by an out-of-state group home to obtain or maintain its certification as required by subdivision (c) shall preclude the use of any public funds, whether county, state, or federal, in the payment for the placement of any child in that out-of-state group home, pursuant to the Interstate Compact on the Placement of Children.

(f) (1) A multidisciplinary team shall consist of participating members from county social services, county mental health, county probation, county superintendents of schools, and other members as determined by the county.

(2) Participants shall have knowledge or experience in the prevention, identification, and treatment of child abuse and neglect cases, and shall be qualified to recommend a broad range of services related to child abuse or neglect.

(g) (1) The department may deny, suspend, or discontinue the certification of the out-of-state group home if the department makes a finding that the group home is not operating in compliance with the requirements of subdivision (c).

(2) Any judicial proceeding to contest the department's determination as to the status of the out-of-state group home certificate shall be held in California pursuant to Section 1085 of the Code of Civil Procedure.

(h) The certification requirements of this section shall not impact placements of emotionally disturbed children made pursuant to an individualized education program developed pursuant to the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) if the placement is not funded with federal or state foster care funds.

(i) Only an out-of-state group home authorized by the Compact Administrator to receive state funds for the placement by a county social services agency or probation department of any child in that out-of-state group home from the effective date of this section shall be eligible for public funds pending the department's certification under this section.

SEC. 32. Section 7572 of the Government Code is amended to read:

7572. (a) A child shall be assessed in all areas related to the suspected disability by those qualified to make a determination of the child's need for the service before any action is taken with respect to the provision of related services or designated instruction and services to a child, including, but not limited to, services in the areas of occupational therapy and physical therapy. All assessments required or conducted pursuant to this section shall be governed by the assessment procedures contained in Article 2 (commencing with Section 56320) of Chapter 4 of Part 30 of Division 4 of Title 2 of the Education Code.

(b) Occupational therapy and physical therapy assessments shall be conducted by qualified medical personnel as specified in regulations

developed by the State Department of Health Services in consultation with the State Department of Education.

(c) A related service or designated instruction and service shall only be added to the child's individualized education program by the individualized education program team, as described in Part 30 (commencing with Section 56000) of Division 4 of Title 2 of the Education Code, if a formal assessment has been conducted pursuant to this section, and a qualified person conducting the assessment recommended the service in order for the child to benefit from special education. In no case shall the inclusion of necessary related services in a pupil's individualized education plan be contingent upon identifying the funding source. Nothing in this section shall prevent a parent from obtaining an independent assessment in accordance with subdivision (b) of Section 56329 of the Education Code, which shall be considered by the individualized education program team.

(1) If an assessment has been conducted pursuant to subdivision (b), the recommendation of the person who conducted the assessment shall be reviewed and discussed with the parent and with appropriate members of the individualized education program team prior to the meeting of the individualized education program team. When the proposed recommendation of the person has been discussed with the parent and there is disagreement on the recommendation pertaining to the related service, the parent shall be notified in writing and may require the person who conducted the assessment to attend the individualized education program team meeting to discuss the recommendation. The person who conducted the assessment shall attend the individualized education program team meeting if requested. Following this discussion and review, the recommendation of the person who conducted the assessment shall be the recommendation of the individualized education program team members who are attending on behalf of the local educational agency.

(2) If an independent assessment for the provision of related services or designated instruction and services is submitted to the individualized education program team, review of that assessment shall be conducted by the person specified in subdivision (b). The recommendation of the person who reviewed the independent assessment shall be reviewed and discussed with the parent and with appropriate members of the individualized education program team prior to the meeting of the individualized education program team. The parent shall be notified in writing and may request the person who reviewed the independent assessment to attend the individualized education program team meeting to discuss the recommendation. The person who reviewed the independent assessment shall attend the individualized education program team meeting if requested. Following this review and discussion, the recommendation of the person who reviewed the independent assessment shall be the recommendation of the individualized education program team members who are attending on behalf of the local agency.

(3) Any disputes between the parent and team members representing the public agencies regarding a recommendation made in accordance with paragraphs (1) and (2) shall be resolved pursuant to Chapter 5 (commencing

with Section 56500) of Part 30 of Division 4 of Title 2 of the Education Code.

(d) Whenever a related service or designated instruction and service specified in subdivision (b) is to be considered for inclusion in the child's individualized educational program, the local education agency shall invite the responsible public agency representative to meet with the individualized education program team to determine the need for the service and participate in developing the individualized education program. If the responsible public agency representative cannot meet with the individualized education program team, then the representative shall provide written information concerning the need for the service pursuant to subdivision (c). Conference calls, together with written recommendations, are acceptable forms of participation. If the responsible public agency representative will not be available to participate in the individualized education program meeting, the local educational agency shall ensure that a qualified substitute is available to explain and interpret the evaluation pursuant to subdivision (d) of Section 56341 of the Education Code. A copy of the information shall be provided by the responsible public agency to the parents or any adult pupil for whom no guardian or conservator has been appointed.

SEC. 33. Section 7572.5 of the Government Code is amended to read:

7572.5. (a) If an assessment is conducted pursuant to Article 2 (commencing with Section 56320) of Chapter 4 of Part 30 of Division 4 of Title 2 of the Education Code, which determines that a child is seriously emotionally disturbed, as defined in Section 300.8 of Title 34 of the Code of Federal Regulations, and any member of the individualized education program team recommends residential placement based on relevant assessment information, the individualized education program team shall be expanded to include a representative of the county mental health department.

(b) The expanded individualized education program team shall review the assessment and determine whether:

(1) The child's needs can reasonably be met through any combination of nonresidential services, preventing the need for out-of-home care.

(2) Residential care is necessary for the child to benefit from educational services.

(3) Residential services are available that address the needs identified in the assessment and that will ameliorate the conditions leading to the seriously emotionally disturbed designation.

(c) If the review required in subdivision (b) results in an individualized education program that calls for residential placement, the individualized education program shall include all of the items outlined in Section 56345 of the Education Code, and shall also include:

(1) Designation of the county mental health department as lead case manager. Lead case management responsibility may be delegated to the county welfare department by agreement between the county welfare department and the designated county mental health department. The county

(d) This section shall become inoperative on July 1, 2011, and, as of January 1, 2012, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2012, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 35. Section 7576 of the Government Code is amended to read:

7576. (a) The State Department of Mental Health, or a community mental health service, as described in Section 5602 of the Welfare and Institutions Code, designated by the State Department of Mental Health, is responsible for the provision of mental health services, as defined in regulations by the State Department of Mental Health, developed in consultation with the State Department of Education, if required in the individualized education program of a pupil. A local educational agency is not required to place a pupil in a more restrictive educational environment in order for the pupil to receive the mental health services specified in his or her individualized education program if the mental health services can be appropriately provided in a less restrictive setting. It is the intent of the Legislature that the local educational agency and the community mental health service vigorously attempt to develop a mutually satisfactory placement that is acceptable to the parent and addresses the educational and

mental health treatment needs of the pupil in a manner that is cost effective for both public agencies, subject to the requirements of state and federal special education law, including the requirement that the placement be appropriate and in the least restrictive environment. For purposes of this section, “parent” is as defined in Section 56028 of the Education Code.

(b) A local educational agency, individualized education program team, or parent may initiate a referral for assessment of the social and emotional status of a pupil, pursuant to Section 56320 of the Education Code. Based on the results of assessments completed pursuant to Section 56320 of the Education Code, an individualized education program team may refer a pupil who has been determined to be an individual with exceptional needs, as defined in Section 56026 of the Education Code, and who is suspected of needing mental health services to a community mental health service if the pupil meets all of the criteria in paragraphs (1) to (5), inclusive. Referral packages shall include all documentation required in subdivision (c), and shall be provided immediately to the community mental health service.

(1) The pupil has been assessed by school personnel in accordance with Article 2 (commencing with Section 56320) of Chapter 4 of Part 30 of Division 4 of Title 2 of the Education Code. Local educational agencies and community mental health services shall work collaboratively to ensure that assessments performed prior to referral are as useful as possible to the community mental health service in determining the need for mental health services and the level of services needed.

(2) The local educational agency has obtained written parental consent for the referral of the pupil to the community mental health service, for the release and exchange of all relevant information between the local educational agency and the community mental health service, and for the observation of the pupil by mental health professionals in an educational setting.

(3) The pupil has emotional or behavioral characteristics that satisfy all of the following:

(A) Are observed by qualified educational staff in educational and other settings, as appropriate.

(B) Impede the pupil from benefiting from educational services.

(C) Are significant as indicated by their rate of occurrence and intensity.

(D) Are associated with a condition that cannot be described solely as a social maladjustment or a temporary adjustment problem, and cannot be resolved with short-term counseling.

(4) As determined using educational assessments, the pupil’s functioning, including cognitive functioning, is at a level sufficient to enable the pupil to benefit from mental health services.

(5) The local educational agency, pursuant to Section 56331 of the Education Code, has provided appropriate counseling and guidance services, psychological services, parent counseling and training, or social work services to the pupil pursuant to Section 56363 of the Education Code, or behavioral intervention as specified in Section 56520 of the Education Code, as specified in the individualized education program and the individualized

education program team has determined that the services do not meet the educational needs of the pupil, or, in cases where these services are clearly inadequate or inappropriate to meet the educational needs of the pupil, the individualized education program team has documented which of these services were considered and why they were determined to be inadequate or inappropriate.

(c) If referring a pupil to a community mental health service in accordance with subdivision (b), the local educational agency or the individualized education program team shall provide the following documentation:

(1) Copies of the current individualized education program, all current assessment reports completed by school personnel in all areas of suspected disabilities pursuant to Article 2 (commencing with Section 56320) of Chapter 4 of Part 30 of Division 4 of Title 2 of the Education Code, and other relevant information, including reports completed by other agencies.

(2) A copy of the parent's consent obtained as provided in paragraph (2) of subdivision (b).

(3) A summary of the emotional or behavioral characteristics of the pupil, including documentation that the pupil meets the criteria set forth in paragraphs (3) and (4) of subdivision (b).

(4) A description of the counseling, psychological, and guidance services, and other interventions that have been provided to the pupil, as provided in the individualized education program of the pupil, including the initiation, duration, and frequency of these services, or an explanation of the reasons a service was considered for the pupil and determined to be inadequate or inappropriate to meet his or her educational needs.

(d) Based on preliminary results of assessments performed pursuant to Section 56320 of the Education Code, a local educational agency may refer a pupil who has been determined to be, or is suspected of being, an individual with exceptional needs, and is suspected of needing mental health services, to a community mental health service if a pupil meets the criteria in paragraphs (1) and (2). Referral packages shall include all documentation required in subdivision (e) and shall be provided immediately to the community mental health service.

(1) The pupil meets the criteria in paragraphs (2) to (4), inclusive, of subdivision (b).

(2) Counseling and guidance services, psychological services, parent counseling and training, social work services, and behavioral or other interventions as provided in the individualized education program of the pupil are clearly inadequate or inappropriate in meeting his or her educational needs.

(e) If referring a pupil to a community mental health service in accordance with subdivision (d), the local educational agency shall provide the following documentation:

(1) Results of preliminary assessments to the extent they are available and other relevant information including reports completed by other agencies.

(2) A copy of the parent's consent obtained as provided in paragraph (2) of subdivision (b).

(3) A summary of the emotional or behavioral characteristics of the pupil, including documentation that the pupil meets the criteria in paragraphs (3) and (4) of subdivision (b).

(4) Documentation that appropriate related educational and designated instruction and services have been provided in accordance with Sections 300.34 and 300.39 of Title 34 of the Code of Federal Regulations.

(5) An explanation of the reasons that counseling and guidance services, psychological services, parent counseling and training, social work services, and behavioral or other interventions as provided in the individualized education program of the pupil are clearly inadequate or inappropriate in meeting his or her educational needs.

(f) The procedures set forth in this chapter are not designed for use in responding to psychiatric emergencies or other situations requiring immediate response. In these situations, a parent may seek services from other public programs or private providers, as appropriate. This subdivision does not change the identification and referral responsibilities imposed on local educational agencies under Article 1 (commencing with Section 56300) of Chapter 4 of Part 30 of Division 4 of Title 2 of the Education Code.

(g) Referrals shall be made to the community mental health service in the county in which the pupil lives. If the pupil has been placed into residential care from another county, the community mental health service receiving the referral shall forward the referral immediately to the community mental health service of the county of origin, which shall have fiscal and programmatic responsibility for providing or arranging for the provision of necessary services. The procedures described in this subdivision shall not delay or impede the referral and assessment process.

(h) A county mental health agency does not have fiscal or legal responsibility for costs it incurs prior to the approval of an individualized education program, except for costs associated with conducting a mental health assessment.

(i) This section shall become inoperative on July 1, 2011, and, as of January 1, 2012, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2012, deletes or extends the dates on which it becomes inoperative and is repealed.
